

**ARE YOU
READY
TO TAKE THE
LEAD?**

Linde GmbH, Linde Engineering

FP&A Manager - Digital Transformation (m/f/d)

Pullach nearby Munich, Germany | req9402

What you will enjoy doing

- As FP&A Manager (Digital Transformation) you will actively design the future of global business function finance & controlling in Linde Engineering.
- You will closely work together with our CFOs and Business Function managers across the globe supporting them to get decision-relevant data in real time.
- You will be responsible to enhance and implement self-service reporting, planning and performance analysis dashboards in Tableau, SAC, etc.
- Further you closely cooperate with the Munich-based FP&A team as well as our financial applications team to identify new trends in finance and evaluation potential powerful solutions for Linde Engineering.
- You coordinate the FP&A-related continuous improvements, drive process enhancements and support harmonization of data structures.
- You help us to lift the Linde Engineering controlling team to the next level.

What makes you great

- You own a bachelor or master's degree (or equivalent) in (business) informatics, business administration, statistics, finance, or accounting.
- You gained 1-3 years' experience as a business/IT consultant or within a controlling/accounting/finance

Why you will love working with us

You will join our controlling team which is responsible for the financial planning, reporting and performance analysis of globally operating Segment Engineering.

Linde acts responsibly towards its shareholders, business partners, employees, society and the environment in every one of its business areas, regions and locations across the globe. The company is committed to technologies and products that unite the goals of customer value and sustainable development.

What we offer you!

We offer you not only an attractive compensation (metal industry tariff) and other social benefits, but also the possibility for further professional and personal education. Furthermore you can expect great location conditions, an excellent company canteen with a wide range as well as an extensive health management with sports classes and actiondays.

Have we inspired you? Let's talk about it

We are looking forward to receiving your complete application (motivation letter, CV, certificates) via our online job market.

Your contact person

department of an internationally operating company.

- Fluent in English language (written and spoken) is mandatory, knowledge in German language is of advantage.
- Excellent analytical skills and entrepreneurial thinking are characterizing your way of working.
- You are digital native and interested in RPA, AI, predictive analytics, and other digitalization tools.
- You are an expert in MS Office, especially Power Query/Pivot. Knowledge in Power BI/Tableau/VBA is of advantage.
- Your good interpersonal and communication skills combined with your intercultural awareness enable you to smoothly interact and collaborate with senior executive level.
- Good knowledge about SAP applications (SEM BCS, BI, ERP, S4 Hana) and/or Hyperion is of advantage.
- You enjoy working in a team with interfaces to management teams all over the world.
