

## Intern Finance (m/f/d, full-time or part-time “Werkstudent”) - 10x Founders (VC Fund - Munich, Germany)

“10x Founders” is an innovative, network-driven European venture capital investor backing early-stage entrepreneurs on their journey of building global companies. Our partners are a team of very successful serial entrepreneurs and accomplished investors with an outstanding investment track record. We genuinely enjoy and are motivated by giving back to, supporting, and collaborating with entrepreneurs and their teams to create global leaders. At the same time, we have the ambition to establish a creative new venture fund that helps to bring European start-ups and entrepreneurship to the forefront of the European and global economy.

### The role

We are now looking for an intern in the Finance area who joins us on our journey. You will be an essential part of the team, supporting in the areas of portfolio analysis and management, evaluation of start-up reporting and preparation of relevant financial analysis on fund and portfolio level. In addition, you will contribute to the development of new innovative and data-driven, scalable approaches to start-up analysis, portfolio management and VC operations. The role will allow you to get a first hand insight into venture capital accompanied in a very broad area of responsibility with a focus on finance related topics.

You are an innovative and energetic professional, on track to your finance related university degree that demonstrates analytical capabilities as well as the ability to make sound and responsible judgements. You are interested in supporting entrepreneurs and early-stage start-ups. Ideally, you are also interested in digital products and innovation. We want you as part of the team, with your ideas and views. You are motivated by the possibility to learn and grow, to leave your footprint on 10x Founders, and to jointly shape our future and the future of European entrepreneurship.

### Responsibilities

- Further develop the backbone of 10x Founders including accounting, controlling and valuation related matters in close cooperation with Head of Finance
- Support portfolio management framework to make start-up reporting actionable and contribute to the preparation of investment decisions for follow-on rounds
- Further develop fund model including relevant analyses enabling and facilitating strategic decisions on fund level
- Manage new and innovative digital solutions that help us in trying “new ideas and approaches” as a VC fund
- Helping to shape the future of 10x Founders

## Experience and requirements

- Studying a finance related university degree that demonstrates quantitative performance as well as qualitative capabilities
- Ideally, initial experience already gained through other relevant internships in the finance, accounting/audit, asset management or consulting industry
- Ability to structure your thinking and document this, as well as help to structure internal processes
- Curiosity to understand new, dynamic and fast-moving developments in technology, digital products and innovation
- Clear communication and ability to speak to entrepreneurs and VC partners eye-to-eye
- Flexible, friendly, and positive can-do attitude

## Benefits

- Working with an excellent, experienced and collaborative high-performance team of entrepreneurs and investors with flat hierarchies
- Ability to learn and grow, and gain relevant finance experience in an early stage venture capital fund
- Flexible working conditions, e.g. work from home, allowing for a healthy work-life balance
- Exposure to internal investment reviews and discussions of 10x Founders
- Attractive compensation
- Intense, innovative, energetic, fair, and fun working environment that allows you to live and develop your personal and professional values and interests

We are keen to cultivate diversity within our team. Therefore we also encourage non-traditional candidates to apply.
