

Investment Intern / Gap Year Student

Start November - December
6 - 12 months

ATHOS is a single family office investing mainly in life sciences and disruptive technologies. We are offering an **internship for a period of 6 to 12 months in our Munich office** to assist the daily work of investment professionals, particularly including the identification, analysis and execution of investments. You will have significant responsibilities from day one and become an integral part of the team, with high levels of interaction with investment professionals from the investment team, support functions and external industry experts.

Your responsibilities:

- Collect and analyze information on potential target markets, target companies, their competitors and business sectors
- Participate in the assessment of investment opportunities including financial modelling, company valuation, commercial assessment and interviews with industry experts
- Support the investment process by drafting investment memoranda and reviewing due diligence work
- Assist with potential divestment processes of portfolio companies
- Support monitoring and development of current portfolio companies

Your ideal profile:

- Completed 2nd year bachelor's degree in business, economics or life sciences (biotechnology, medicine)
- Interest in private markets / equity as an asset class
- Intrinsic motivation with a strong can-do mentality
- First experience in finance from previous internships / jobs (investment banking, consultancy, private market investments related firms)
- Good knowledge of Microsoft Suite (specifically Excel)
- Strong analytical and communication skills
- Fluency in English and German

Please apply to fhe@athos-kg.de by sending your CV and a short cover letter. Please also indicate your earliest starting date.
