

Join one of the most prestigious European venture capital firms!

Student Trainee at TVM Capital (Werkstudent)

About us

TVM Capital Life Science is one of Europe's oldest and most prestigious Venture Capital firms, investing exclusively into innovative biotech, pharmaceutical, and medtech companies in Europe, North America and Asia. Since inception, TVM Capital has invested in entrepreneurial venture backed companies around the globe. Over several fund generations, our investment strategy has included a multi-stage investment approach spanning discovery to market ready companies as well as profitable companies searching for growth capital. TVM Capital Life Science has one of the longest Life Science investment track records in the industry with 133 investments across several major business and capital market cycles. TVM Capital Life Science realized approx. EUR 1.2 billion to date through more than 50 IPOs on major international stock exchanges (NASDAQ, London, Frankfurt, and others) and more than 35 M&A/trade sales. With three decades of experience in picking promising entrepreneurs, concepts and products for development, and building successful entrepreneurial companies, we are acutely aware of what it takes to build a world class technology, product or company, and astute at supporting management teams to bring companies and projects to value inflection points. TVM Capital Life Science is currently investing with teams based in Munich, Montreal and Hong Kong.

What do we offer?

We offer a unique opportunity to gain real-life experience in the venture capital sector. For a period of at least 6 months (and preferably longer) and at least one full day per week you will work as a member of the Munich team. As a student trainee you will support the finance and investment team in the daily routine over the full investment cycle and will have the ability to:

- develop your investment and financial analysis skills,
- gain or further develop your Life Science industry insights, and
- develop your soft skills and personal network for further career advancement.

Upon completion of your studies and the experience gained as student trainee, you will be well prepared for applying for a full-time position as analyst in an investment bank, M&A boutique or private equity house.

We offer a challenging environment with room for own initiatives as well as a market standard compensation package. Our modern offices centrally located near Stachus in Munich and the small, highly professional and passionate team will allow growing in your role and enjoying being part of the team.

Your key competencies and qualifications

- First-class business or economics degree, coupled with profound science basics
- Demonstrable interest and understanding of venture financings and the life science sector
- Strong analytical skills
- Financially numerate with excellent Microsoft Office skills
- Excellent communications skills, fluent German and English
- Self-starter, highly reliable and strong work ethic
- A desire to work in venture capital/private equity

We look very much forward to receiving your cover letter + CV (max 1 page), clearly indicating your availability, to "info@tvm-capital.com" for an application for a student assistant position in our Munich office.
