

## To all blockchain enthusiasts:

Munich, July 5, 2023

### Blockchain Talents @ TUM

Given the soaring interest in blockchain technology and digital assets at TUM, we are pleased to announce the formal talent pool initiative “**Blockchain Talents @ TUM**” that students at TUM and elsewhere can join by taking 1 minute to fill in the following application form: [Link](#)

Why should you join **Blockchain Talents @ TUM** ?

Membership benefits include:

- Exclusive access to blockchain internship and job offers
- Regular updates on blockchain-related project studies and IDPs
- Regular updates on blockchain-related Bachelor's and Master's thesis topics
- Timely information on new blockchain-related courses at TUM that will soon be launched
- Access to exclusive events that enable web3 community building at TUM
- Invitations to hackathons with blockchain ecosystems
- Possibility for short-cut applications to web3 accelerator programs with industry partners
- Free access to web3 conferences and several Coursera courses on web3 by TUM faculty

Join **Blockchain Talents @ TUM** now by [filling in this form](#).
